Brochure 2009/2010

About Aavara®

Welcome to the stylish world of Aavara®, a professional brand of flat screen/panel TV wall mounts & HDMI accessory developed to help you maximise the space and lead the stylish living in your home. With modern styling inspired by the Scandinavian spirit of simplicity and robustness, the elegant design enhances the décor of your living room, home cinema, family room or wherever you want to organise your home entertainment system but without compromising on style. Aavara® is a word derived from the Finnish word avara meaning expansiveness and it is this sense of space and possibility that has been captured in the wide product range. Let Aavara® bring the elegance and sophistication you deserve to your living space.

The Aavara® Mission

Aavara®, a Taiwan based company with its logistic hub in Europe, was developed with the passionate belief that functional products can be both beautiful and durable. Combining the latest technology from the Far East with the simple sophistication of Scandinavia, Aavara® is a synergy between East and West to inspire your living space and give you the solution to your wall or ceiling mounting for business digital signage needs. With a broad range of products designed to fit large LCD/plasma/Projector/Monitor and HDMI accessories, installation is easy and straightforward enabling everyone to create a home entertainment system that makes a visual impact and gives your home the 'designer look' while maximising room space. We want you to have the best and constantly strive in the area of research and development to ensure our range of products are offering the customer the very latest in technology, design and materials.

HDMI-A "Must Have" For Consumer Electronics

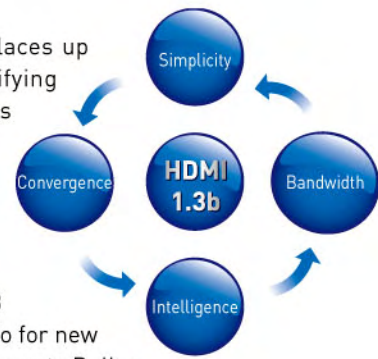

HDMI-(High-Definition Multimedia Interface) is the leading all-digital uncompressed audio/video interface. With having nearly 320million PC/CE/AV industry-supported HDMI ready devices by 2010, it becomes a de facto digital standard over other A/V standard with evolving strengths:

1. Simplicity:One digital cable replaces up to 11 analog cables, highly simplifying the setting up of a home theater as well as supporting the aesthetics of new component design with cable simplification.

2 Bandwidth: with ultimate high-bandwidth up to 10.2Gbps, HDMI 1.3 supports uncompressed digital audio for new lossless compressed digital audio formats Dolby TrueHD and DTS-HD Master Audio™.

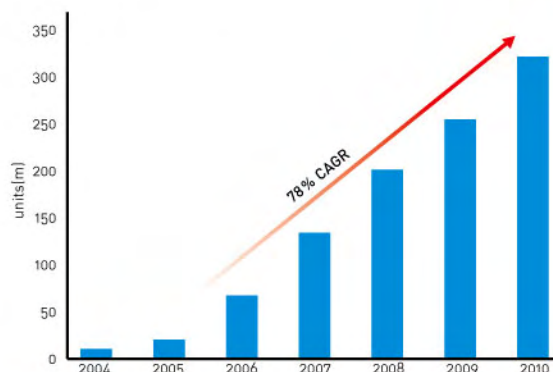

3. Intelligence: System-wide synchronization to connect multiple HDMI devices through Consumer Electronic Control (CEC), utilizing HDMI's two- way communication to allow for single remote control of any CEC-enabled devices connected with HDMI.

4. Convergence: enabling PCs to deliver premium media content including hi-definition movies and multi-channel audio formats. HDMI is the only interface enabling connections to both HDTVs and digital PC monitors implementing the DVI and HDMI standards and 40% of all PC by 2010 supports HDMI.

AAVARA® is proud that the HDMI lineup fully comply with 1.3 specs and dedicated all evolving leads which bring the optimized Home Theater ambiance in your home entertainment times & fulfill industry high demand.

● Global HDMI Adoption

Source: HDMI.org

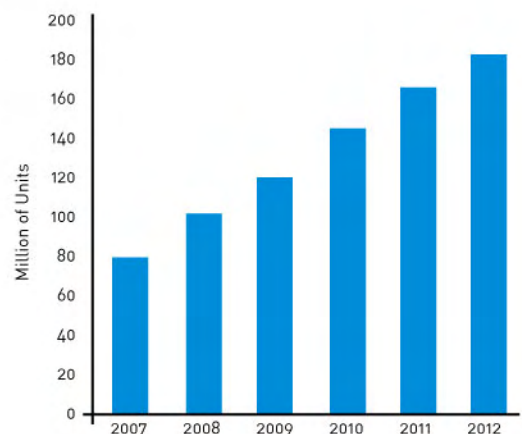

Digital Signage is Dominating New Wave of Display Industry

-Digital-out-of-home(DOOH), Public Display, Dynamic Signage, Electronic Billboards

With more and more affordable pricing on LCD/Plasma display, Digital Signage, known as DOOH, Public Display, becomes the most effective electronic billboards in years to come. WW Display shipment units reach 120M in 2009 and 165M by 2011. Up to 35% will be successfully adopted in digital signage public displays.

Digital signage is adopted for many different purposes, and the most common applications of digital signage such as Advertising, Public/Internal information, Brand Identity building, Influencing customer behavior and Enhancing customer experience. The benefits of Digital Signage over traditional static signs are the animated content can be exchanged more flexibly and interactively and offering superior ROI (Return on Investment) compared to traditional signs.

AAVARA® HDMI and Wall Support solutions lead the up-to-date digital signage infrastructure and advance the maximum efficiency for Digital Signage installation.

ExperTorque™ Technology

With special Allen Wrench tool included, Aavara® ExperTorque™ technology enables LCD monitor arms to be adjusted easily by display weight.

Tilt +/-20°

LCD Monitor Arm features tilt +/-20° free angle hinged by display weight, which optimized for best viewing angle.

+/-50° Spread

+/-50° Spread design for CableManagement Column making all messy cables hidden inside completely.

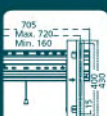

Extendable Length

Supporting all makes of AV device on the market with extendable arms to hold firmly.

Lateral Shift

Superior series wall mount can be shifted horizontally and effortlessly to the left or right min. 35mm from the center.

VESA Compatible

All Superior series wall mounts are VESA Compatible.

Rotation 90°

LCD Monitor Arm allows clockwise rotation easily for max. work efficiency on screen.

Swivel +/-20°

LCD Monitor Arm features swivel +/-20° free angle which optimized for best viewing angle on screen.

Smart Cable Management

With indented shape for positioning cables, it makes cables in a managed and aligned way.

Universal For All AV Devices

AV/HiFi support can hold each AV devices up to 15kg/33lbs and fit all makes of devices.

Safety Lock

Aavara® Superior A series offers a very consolidated mount solution with safetylock function to keep TV from falling especially for larger display

Tailor-made Full Screw Pack

Full Screw Pack is included in each retail box which makes unique rear bezel display easy to mount

Smart Cable Management

Aligning display cables in a tidy way by managing them at both arm channel sides.

Cable Hidden Design

Hide all cables completely in a Cable Management Column instead of tangling around the column.

Support up to 4 AV Devices

Cable Management Column is capable of supporting up to 4 set of AV device and manually adjust the device position as you desired.

Smart Cable Management

Aavara® Superior A series' dedicated design of cable holder & arm channels offering an aligned cable management system for home theater.

5 Pivot Points

Designed with heavy duty construction, Superior A series adopts 4 pivot points which make the max. swivel angle in your desired position.

Made in Taiwan

Aavara® wall mount brackets are made in Taiwan to ensure the highest quality.

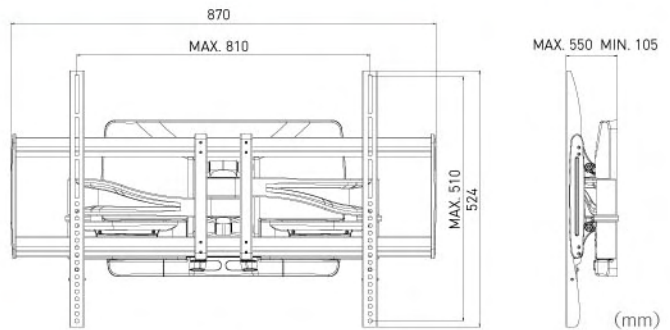

SUPERIOR SERIES

Aavara® inspires you to recognise the potential within your home

A8050

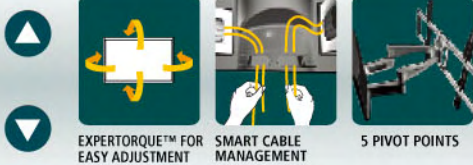

LCD/ Plasma Wall Support -4 Arms with 5 Pivot Points

Features

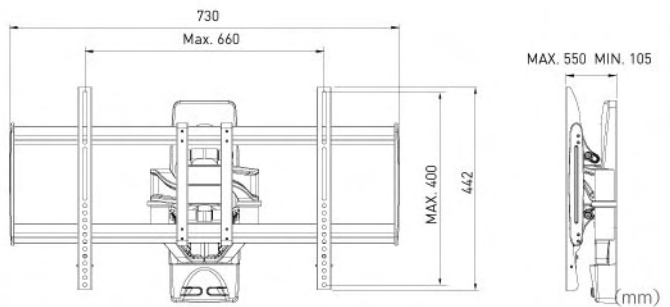

- FLAT PANEL SIZE: 37"-65"/94-165cm
- LOADING CAPACITY: 85kg/187lbs
- TILT ANGLE: +/-15°
- SWIVEL ANGLE: +/-60°
- EXTENDED ARM PROVIDED: 4 Arms
- SAFETY LOCK: Yes

- CABLE MANAGEMENT: Smart Cable Management System
- MATERIAL: Steel / Aluminum
- MAX. DISTANCE TO WALL: 21.6"/ 550mm
- PRODUCT WEIGHT: 15.4kg/34lbs
- SCREW TYPE: M4,M5,M6,M8
- MAX. MOUNTING: 810*500 mm

A6041

LCD/ Plasma Wall Support-4 Arms with 5 Pivot Points

Features

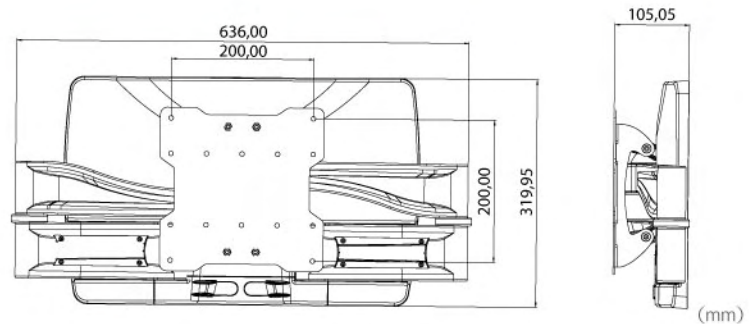

- FLAT PANEL SIZE: 26"-52"/66-132cm
- LOADING CAPACITY: 50kg / 110lbs
- TILT ANGLE: +/-15°
- SWIVEL ANGLE: Max. +/-60°
- EXTENDED ARM PROVIDED: 4 Arms

- CABLE MANAGEMENT: Smart Cable Management System
- MATERIAL: Steel / Aluminum
- MAX. DISTANCE TO WALL: 21.6"/ 550mm
- PRODUCT WEIGHT: 9.9kg/21.8lbs
- SCREW TYPE: M4,M5,M6,M8
- MAX. MOUNTING: 660x400mm

A2020

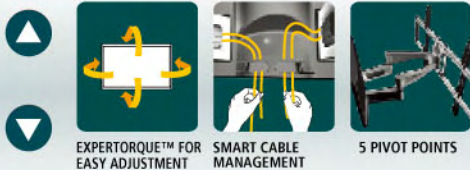

LCD/ Wall Support-4 Arms with 5 Pivot Points

Features

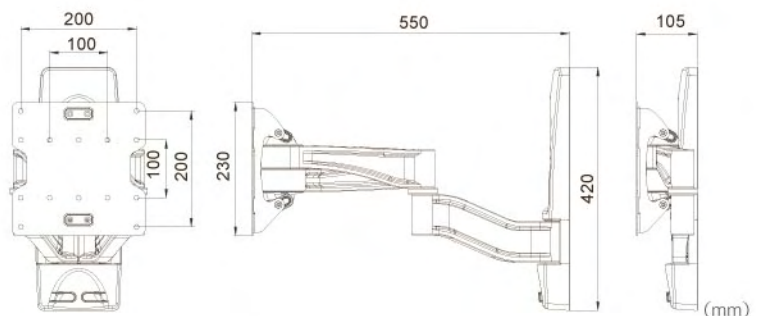

- FLAT PANEL SIZE: 26"-42"/66-107cm
- LOADING CAPACITY: 60kg / 132lbs
- TILT ANGLE: +/-15°
- SWIVEL ANGLE: Max. +/-60°
- EXTENDED ARM PROVIDED: 4 Arms

- CABLE MANAGEMENT: Smart Cable Management System
- MATERIAL: Steel / Aluminum
- MAX. DISTANCE TO WALL: 21.6"/ 550mm
- PRODUCT WEIGHT: 13.3kg/29lbs
- SCREW TYPE: M4,M5,M6
- VESA COMPATIBLE: 200x200mm, 200x100mm, 100x100mm

A2021

LCD/ Wall Support-4 Arms with 5 Pivot Points

Features

- FLAT PANEL SIZE: 26"-42"/66-107cm
- LOADING CAPACITY: 50kg / 110lbs
- TILT ANGLE: +/-15°
- SWIVEL ANGLE: Max. +/-60°
- EXTENDED ARM PROVIDED: 4 Arms

- CABLE MANAGEMENT: Smart Cable Management System
- MATERIAL: Steel / Aluminum
- MAX. DISTANCE TO WALL: 21.6"/ 550mm
- PRODUCT WEIGHT: 8.9kg/19.6lbs
- SCREW TYPE: M4,M5,M6
